

SHIFTING THE LIMITS

Wels, January 31<sup>st</sup> 2017

## SHORT CIRCUIT CURRENT $I_k$ MAX

**Fronius International GmbH**

declares that for the inverters

/ **Fronius Eco 25.0-3-S**

/ **Fronius Eco 27.0-3-S**

the largest short circuit alternating current  
 $I_k'' = 1.1$  p.u. (110% of the rated current)

and the maximum switch current factor  
 $K_{imax} = 1.06$

**Fronius International GmbH**

Solar Energy Division

Froniusplatz 1

A-4600 Wels

A handwritten signature in blue ink, appearing to read "Thomas Mühlberger".
